Re: United states V. Juan Carlos Vidal Galicia
Docket No, 58434054

Dear Judge: Denise Cote

I write this letter in mitigation of the
Sentence to be impose upon my father
case and how is affecting me in everything

My name is [REDACTED] I am 12 yrs old
and all thise years I haven't celebrate any
Special occasion with my father. I know
my father has confronted the law by returning
to this country, but he only did it to be with
us and care for us. I hope you realize he come
back after being deported from this country to be
with his children and family. It hurts me and

my sisters, that our father is in prison. I don't know my father in person for too long because of his mistakes. I only have communication with him by phone and it's hard, not having him around has affected me in school, home and life. I am not a perfect person but having him around will give me the love I need to become a better person in everything, because I know that the love that he has for me and the protection that he is willing to give us is for a better life. The short time that he was here he was working and helping my mother with bills and food and we saw a small improvement in my house. My father has made good faith and efforts to be a father, please let us be together, don't take him away, for more time it's hard not having him around. I love him and need him.

I ask only that you consider his children, and his intentions (which were only the best to be a good person) when imposing the sentences in this case. Thank you. Ms. Denise Cote.

Sincerely, [REDACTED]
